Imperative Paramount importance note:

Law Enforcement Email Addressing to FBI are present in this email.

@FBI Los Angeles Field Office - Community Outreach

@Former FBI Agent and Cousin, John Michael Talbot:

That second contact is my very own cousin.

My mother's birthday was yesterday.

And today is Father's Day.

I don't know how many times that has happened since I was born in 1965.

I am born in San Bernardino, California and writing from an address on Marshall Blvd. next to Del Rosa Ave.

The family home 3260 Grande Vista connects to the intersection of Marshall Blvd. at the bottom of the hill of the street and neighborhood I grew up in.

The house there in the family since I was age 5.

I am in a condition of homeless and broken from all family relations.

As far as I am concerned, what my mother has done is unforgivable.

I think it's very relevant to mention before I continue anything further.

Ephesians 6:13-18:

13 Therefore put on the full armor of God, so that when the day of evil comes, you may be able to stand your ground, and after you have done everything, to stand. 14 with the belt of truth buckled around your waist, with the breastplate of righteousness in place, 15 and with your feet fitted with the readiness that comes from the gospel of peace. 16 In addition to all this, take up the shield of faith, with which you can extinguish all the flaming arrows of the evil one. 17 Take the helmet of salvation and the sword which is the word of God. 18 And pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all people.

I know you're in my heart Daddy.

My father, George Garfield Driskill died July 2013 is spinning in his grave and extremely angry at the family.

Specifically, my mother for sure.

As well also passed Lynn Darnell, who might be considered my 2nd mother is spinning in her grave.

[@lynn darnell](#)

She being a former 911 emergency dispatch operator for the San Bernardino County here in my home town.

I am sure, she too, is very angry at my mother and all of this mess.

This is not a matter of a family exclusive story.

What is it to be a family or not to be a family in view of the truth that I have had to be subject to the evil of a medical care industry of a conspiracy provable to be truth in this email.

This across to all, including those involved to have attempted to instill harm onto me, which has been the outcome to actualize to to kill me, so far I remain here writin

This review demonstrates the exact same problem I had with getting a viable referral to an competent (and indeed really licenced rather than medical licence expired) through my Humana insurance interface.

A presentation reading all of the reviews as of the date I captured to them months ago is linked from the directory link below.

It might shock you! Did not surprise me when I encountered them based on what me and my mother experienced.

I was unable to get a proper referral to infectious Disease. Everything offered and providers given me were out of adequate standard of HIV care. Various really serious s occurred. None of them would incorporate my true facts medical history onto the record.

This condition noted for years posted on social media sites, referred in emails, Twitter DM, facebook Messenger etc etc as #HIVUntreatable since March of 2019.

This presentation on Doctor Bassi involves Prospect Medical Group.

I have the involvement that my Google reviews are filtered from public view as well as my comments applied to YouTube videos and community forum pages in YouTube as an individualized and documented truthful symptom of being a targeted individual .

So, I have to rely on the postings of others.

This is the latest Prospect Medical Group review and their response.

Most likely such response is a blah blah not real truthful attempt to reconcile the truth. If it were, just like Foothill Aids Project (a ASO mentioned in the very bottom link new updated YouTube video mentioned.

Remain blackballed from my access to FAP.

They too took ownership of their Google page and too are responding to Google reviews.

They do not (with contempt) do not desire to be correcting the business operations conditions that would improve services to clients thus improving the trust to improve prior or future time reviews to the writers of these reviews. In fact, it might be community knowledge that by doing so might get back burned to become a targeted individual carry forward blocked example of happening. Creating fear factors onto future reality truth reviews. One might induce retaliation. (Haters Administration - managed by the owners and directors). County oversight grievance process is a void of empowered change.

Hi T,

We are very sorry to hear about your experience. What service were you looking for? Please contact us via email - foothillapmedia@gmail.com - so that we can learn from our mistakes!

They have not responded to me at all.

Revealing in this, they did not respond to Arron Jacobson,

Who made this review, evolved in my own doctor termination of services at Borrego Health.

Aaron Jacobson
1 review
5 years ago

This agency is FRAUDULANT in its services and practices when it comes to serving the HIV population and utilizing Ryan White Funding. My recommendation for any HIV client interested in signing with them is to run as far and as fast as you can...they treat HIV consumers with disrespect and unprofessionalism.

I am here representing this review is fact. Arron Jacobson is a real person who was involved with the agency of oversight at

<https://www.iehpc.org> : If not true, it would be removed. If they really intend change, they would respond to him and they should indeed respond to me. They don't. They are not honest to thier replies. There is no lifetime van of services in the Ryan White Manual.

They unjustly terminated and suspended my services based on the lies of Jennifer Breme and what happened with Doctor Shigeno of Borrego Health. Offices closed and investigation. Doctor involved died in the period of less than 2 weeks after I violated the unjustified restraining order that I told the police I would violate.

I told this to Doctor Chen at Kaiser Permanente the other day.

She had the nerve and gall to place into her notes what shows:

delusional? paranoid?

This Reuters Article statements goes to the heart of her motives to place into an official medical record note document statements such as she has:

<https://www.reuters.com/article/factcheck-coronavirus-psychology/fact-check-no-evidence-of-pandemic-mass-formation-psychosis-say-experts-speaking-to-reuters-idUSL1N2TN1RE>

"He added: "But telling people who disagree with you that they are deluded and in a state of psychosis is essentially a device to silence them and a form of disrespect. It alienates and hence undermines an attempt at dialogue. It is not an explanation of the problem; it is part of the problem."

Aggressive? Non-cooperative?

Really, who is writing the true history of this?

I deserve to be completely respected for the reception of my expression of this true, confirmed professionally.

I am too smart to know things you think I am not capable of figuring it deductively out.

I want a new primary care doctor and I demand doctor responsive interfaces to be real, honest, truthful, and trusting.

Everything here has failed.

The same issues, loops over and over and over. Obviously the statement I claim made by others are not made in truthfulness.

This of FAP and of Doctor Chen involved to protect the conspiracy against the truth from being captured into my medical history.

How rude!

WTF?

FAP,

They will not respond to me even with any assistance of a case manager or an outside attempt of advocate interface with a 6-8 month window of attempts by [@Cristina Duarte](#) , the developer of the InnoCaption App.

As I remain unjustified disconnected from FAP in my very hometown, I remain blackballed there and remain blackballed systemic wide.

I am left unsupported in social services and direct doctor care interfaces as unprofessional applied to me to just go away to just die.

If change was true,

Prospect Medical Group would have attempted to respond both my email, social media attempts, and faxes.

Doctor Chen would have recorded into her notes the facts that I actually conversed to her.

Fact!

As for Prospect Medical, FAP, Borrego Health

All data records already filed in public retrieval.

All remain not responded to.

Thier Google review responses has no truism in view of me to really want a better community to public change in their intentionally destructive interfaces to patients.

So too Kaiser Permanente?

The power overseeing this conspiracy in insulating all bad wronging actors here and what frauds are being unsaid in official (legal capacity) ability for me to form health are lost what is actually doing here by others actually condoning everyone's behaviors involved, actions of malpractice, and intended to be a disturbing chaos from norm the public and patients, such as what has been done onto my care.

I have irreparable harm done onto my care. Intentionally blackballed, left out of a viable interface to medical provided care.

Doctor Chen just proved her actions are to double down on the wrongdoing efforts here.

To say to me,

Shoo fly don't bother us, go away with my truth story told and actually documented.

She confirmed and tells me in all of this , go fuck off and die.

That is the actuality of this conspiracy goals.

Absolutely I stand on a statement.

Will double and triple down on it.

I have proof beyond a reasonable doubt. More than 85% confident I am being truthful and is not delusional in this assessment here.

This is intentional what is happening to me and others, not accidental. A conspiracy is exposed and busted. If only you all except that fact.

A conversation moves forward.

Otherwise, what I gave previously presented to them, prospect medical group would have been responded a proper and truthful attempt from them at repair. 3 weeks ago

Maybe they have not yet assessed my condition is irreparable.

Perhaps they have an opinion they want to offer me here?

Everything said is a cover up.

Their email address is also here.

How many of these 3 weeks ago responses from others to others in these reviews have email thread conversations giving resolve efforts?

"So we can correct these issues immediately?"

My case has the evidence to back it's testimony in court of the extreme statement I make here.

A law enforcement Justice Department / Federal Bureau of Investigation should also be responsive and they will also ghost this communications.

An full nationally expansive across our entire county society wide conspiracy involved here.

I can prove it.

Do yourself a favor and avoid Prospect at all costs. Even the primary care doctor, who took my appointment out of empathy because I am in excruciating pain, told me it takes at least a month to come through. I have been unable to get the referrals I need and still suffering in sickness.

Reading the other reviews I should of read it before I signed up with this group, prospect Medical. The worst medical experience that I had in my life, I just wanted to sha experience that I have had with this company which resulted of me canceling my contract with them as of end of this month.

My primary DR ask for a referral for a specialist, after three weeks I called them up for a status, she told me that it was approved and gave me the DR name and the phor called them up to find out that they don't take Prospect !! , so I called prospect back and I told them about it she said she will send a second request and it should take 2. called them back after three days she told me that she got a another doctor for me and she gave me the information, so I called the new doctor to find out that the office they gave me doesn't have any doctor with the doctor name that they gave me. This was very frustrating and I knew at the point that this was it with this group since this was not the first and I knew it was not going to be the last.the life is too short just to deal with this kind of irresponsible company.

Let us sit down thinking out acknowledge and analyze what the statement says?

Reviewer said:

"The worst medical experience that I had in my life?"

This confirms and corroborates experiences written off public review visibility.

My interfaces of worst of all worsts medical experiences, now including into Kaiser Permanente continue.

I am the most upset I have ever been in my life for any circumstances.

Worse experiences I have ever been subject to being intentionally targeted to die instead of thrive. Provable.

The most worst of everything possible humane.

A huge missing void of rational deductive reasoning and understanding based on what I know is the total held within my collective journal space.

As collectively compiled and rewrite into the space of <http://realityaudit.life> - that was last year July 2022,

Grammarly issued me the score of being "pole position" across the use of the app globally.

All humans and possible other artificial intelligence using the app, the entire world of the planet Earth, of spaces measured:

Asking Google, this is the result:

Think about this truthfully, as forensically detailed onto a jury

Defined in this way, Earth's shape is an idealized spheroid - a squashed sphere - with a surface area of about 510 million km² (197 million sq mi).

Sorry, an inconvenient truth.

(🙄🙄🙄🙄🙄🙄🙄🙄)

How rude of you all to be so blatantly disrespecting me and more important documented reality! How rude you all are to be a proven inclusive part of a conspiracy int and murder me!

For the civil and perhaps criminal court case proceedings, I begin with Grammarly.

The experts of Grammarly will detail the issued score into its content analysis of truthfulness - that is where I begin with the jury I.

All of your involved individual careers will be ruined - if that does indeed occur.

I guarantee it!

That is not my goal, but I must fight in all ways truthful in self defense to be able to break this and have a proper interface to care and survive the conditions set into n me have already harmed me and further intended to kill me.

You all know I am here most coherent onto this massive mess.

Productivity : New Record

I was more productive than 99% of All grammarly users.

If I was delusional, my mastery score was nothing this. Grammarly gives me.

Not a new record.

Mastery : I was more accurate than 89% of all Grammarly users.

Images attached

Delusional big balled face baloney bullshit deceptive practices of a medical care doctor, even at Kaiser Permanente.

I am not mistaken.

She is fully off her rocker. Intentionally made that assessment dishonestly against me.

She used her case notes to weaponize this continued attack and blackballing me against me.

My use of necessity to request a federal court process of using "Brain Fingerprinting" will be in my attempts to access the truth in all of these consideration in these i statements on malicious practices being used against me by the doctors involved in my healthcare insurance plan interfaces.

We are just supposed to trust the systems of physician medical care?

Do no harm?

The Hippocratic Oath?

It has systemically failed!

These words from 1750s that I label in my mission work materials surprisingly has a few lines that follow it, a warning!

THE COMPLAINT: OR, NIGHT THOUGHTS

Excerpt:

To chase thy gloom.—“Go, fix some weighty truth;
Chain down some passion; do some generous good;
Teach ignorance to see, or grief to smile;
Correct thy friend; befriend thy greatest foe;
Or with warm heart, and confidence divine,
Spring up, and lay strong hold on Him who made thee.”
Thy gloom is scatter’d, sprightly spirits flow;
Though wither’d is thy vine, and harp unstrung.
Dost call the bowl, the viol, and the dance,
Loud mirth, mad laughter? Wretched comforters!
Physicians! more than half of thy disease.
Laughter, though never censured yet as sin
(Pardon a thought that only seems severe),
Is half immoral: Is it much indulged?
By venting spleen, or dissipating thought,
It shows a scorner, or it makes a fool;
And sins, as hurting others, or ourselves.
’Tis pride, or emptiness, applies the straw,
That tickles little minds to mirth effuse;
Of grief approaching, the portentous sign!
The house of laughter makes a house of woe.
A man triumphant is a monstrous sight;
A man dejected is a sight as mean.
What cause for triumph, where such ills abound?
What for dejection, where presides a Power,
Who call’d us into being to be bless’d?
So grieve, as conscious, grief may rise to joy;
So joy, as conscious, joy to grief may fall.

And

I am not done with what is happening in this society wide harming agency of malpractice and unprofessionalism being hidden from by most blinded to by most, but n

I know the truth.

You all can't handle a patient that knows a truth that you all cognitively know when I reveal this truth in session of medical care.

The truth is the truth. I'm not responsible to correct the pathway that fixes this.

You all are.

They auto responded as:

All crazy - doctor first impressions - I am very upset - aggressive not - assertive yes

In preview on Instagram is the shot of an Kaiser Permanente primary care doctor's first session impressions calling m / delusional.

And there is a 5000 char (0 left) video description in this video. I expressed to the Instagram interface that I was addi the expansion of this as a draft email being composed and in final edit review before I send it. I placed them as a CC: e referenced the data folders I have on these documented circumstances.

For courtesy, I will too add care@inlandpsych.com for your true sense inclusion.

The record I have is the truth, the whole truth, and nothing but the truth.

You all know it!

Continues email address of June 2023 continues....

Go off your rockers to once more attempt to hide and continue a conspiracy coverup.
